#### Introduction of Activity-

- Institutions plays a crucial role in any person's life. It provides us not only the knowledge of required subjects but also the basic learnings and values of life. It prepares us to face the challenges of life and helps in building the basic character of a person. A student is like a raw seed who is nurtured and watered by the teachers in the hope that one day this seed will bloom into a beautiful tree. They also teach us that the bigger a tree grows the deeper the roots belong. And I am fortunate enough to say that our roots belong here.
- Today, welcoming our alumni here is bringing a sea of emotions here. Everyone remembers their first and last day of BMIT and I am sure most of us cry on both days. We leave the BMIT but the BMIT never goes out of us. It is so hard to say goodbye to the most beautiful part of your life. That's why we organize this alumni meet annually so our ex-students can relive a part of their College days.
- BMIT is also progressing day by day. Now students have many more opportunities to explore their ways and learnings.
- Dear alumni, it gives me pleasure to inform you that our institute is also progressing exponentially. We got so many students clearing the national and international levels of institutes. Students are getting many golden opportunities to explore their career goals. You all have excelled in your respective jobs and thus bring glory to our institution. You all are making our institute proud by doing such great work in your professional lives. We all are eager to hear your stories and experiences of life. I am sure we will learn many things from you all today. At last, I hope that this meeting brings you joy and evokes about all your golden memories. Thank you and enjoy your day.

#### Outcome of Activity-

Through this activity we achieved our decided objectives, heard the success stories of Alumnus and received hand holding services from the Alumnus.
